

How to submit an abstract in ConfTool

Text & Foto ©ConfTool: <https://www.conftool.net/en/user-documentation/instructions-for-authors.html>

In order to submit an abstract for the conference, you need to have a ConfTool user account. Find out how to create a ConfTool user account in the document „How to set up a ConfTool account“.

After completing the Web form, a confirmation e-mail will be sent to you with your account details. Please provide a valid name, address, and email address, since these will be used later for sending you relevant information about your submission.

You do not have to create a new user account for each paper you submit. The same user account can be used for multiple submissions, for participant registration and for booking the conference dinner.

Depending on the phase of the submission, review, and registration process, you will see different options after logging in. If you have already submitted papers, you can always access the list with your submissions and see their status.

Submit Contribution

You may now submit a contribution for the 21st Biennial ESHMS Conference 2026 in Hamburg, Germany. Please select a submission type or a track below.

Remember to press the **"Save Submission"** button on the second screen.

Please also note the general submission guidelines and review procedures:

General Submission Guidelines

- All presenting authors must register for the conference (after notification of acceptance) for their abstract to be listed in the program.
- ESHMS membership is encouraged. Membership offers several benefits, including a reduced conference registration fee.
- Abstracts must be written in English.
- The study presented in the abstract must be approved within the scope of ethics and animal experimentation rules.
- Abstracts must be submitted under one of these formats: Oral Presentation, or Poster Presentation.

Submission and Review procedure

- Submitted abstracts can be saved as drafts and edited up to the submission deadline. After submission it is not possible to change the abstract.
- Abstracts that are still in draft status after the deadline will not be evaluated and will not be included in the conference program.
- The Scientific Committee will review and evaluate all submitted abstracts according to the purpose and rationale of the study, appropriateness of the method, discussion of the results and the significance of contribution of the study.
- The Scientific Committee may accept submitted abstracts in an alternative format or presentation type.
- Notification of acceptance will be sent by the end of March 2026.
